water supply remains. There is
no law or rule to exempt the Masjid
as ^{a general rule} ~~in fact~~ from the payment of the water

Minister of Mysore,

Respected Sir,

1) We the Secretary of the Muslim committee and the members of the Jamath beg to bring the following grievances to your kind consideration and decision

2) Water pipe connection is taken to Lababin Masjid Saklasapur. For this the town Municipality of Saklasapur levied a water tax of Rs 2/- per month for which we sent two applications one to the President town Municipal council Saklasapur, and another to the Deputy Commissioner Hassan District, Hassan on 3-9-40 praying for the cancellation of the tax levied as the water connection is given free of tax to Hassan and Chikmagalur Masjids

3) An indorsement was given on 11-4-1941 stating that the tax levied has to be paid along with the arrears as the council has not resolved to cancel the tax of the above said Masjid. Further it is stated that steps will be taken to recover the tax in case it is not paid

4) Further we are very much inconvenienced to perform our prayers (Namaz) as the supply of water is stopped from 4-5 days

5) We humbly pray your respected self to pass early orders for the cancellation of water tax, as the water tax is not levied to Masjids in all places in Mysore State

6) Further we beg to pray your respected self to pass orders for the early supply of water to the Masjid

We beg to remain,

Re Mosque Water supply at Sakalespur

With reference to your telegram dated 26th instant and F No 120/27-7-1941 confirming the telegram and F No 121 Enc. 1/26-7-1941 forwarding copy of D O letter No C 138-4 dated 28-7-1941 from the Director of Public Health to Sanitary Engineer on the above subject I have the honour to report as follows -

As per kind orders I went to Sakalespur yesterday and met the President and discussed the matter

There is nothing technically wrong The supply to the Mosque is quite satisfactory

But the municipality have stopped the connection for non-payment of water tax which is in arrears for the last two years The President called for a special meeting this morning to settle the matter The Secretary and prominent members of the mosque were also present The subject was discussed in detail and finally the meeting was adjourned to 31st July 1941 for want of quorum

The mosque authorities gave a statement before the President stating that the subject of giving free water supply to the mosque may be reconsidered and decided during the meeting on 31st July 1941 Till then they agreed to make use of water from the draw well close by As it is there is no inconvenience to their prayers the tank being full The President promised to go here at about 6 p m to meet the Deputy Commissioner and take instructions in the matter Further report will be submitted in the matter in the night by mail train after seeing the Deputy Commissioner

Re mosque water supply at Sakalespur

In continuation of my report No 173 of even date I have
the honour to submit further report as follows

The President of Sakalespur Municipality and the
undersigned had interviewed the Deputy Commissioner this evening
and discussed the above matter

It is a case of stoppage of water supply by the Municipality
for default of payment of water tax and not a case of unsatisfactory
supply. The supply all over the town and also at the mosque is
quite satisfactory

Owing to high pressure though the stop cock was stopped,
water was leaking through the same, and there was flow of water in
the fountain in the centre of the tank in the mosque. When I inspected
the mosque this morning with the President, the tank was full and
there was no inconvenience for prayers. Besides there is a well
within the mosque premises at a distance of about 15' from the tank
hence the statement of the mosque authorities that they are not
getting water even for prayers is not correct

As already reported previously the Municipal Council
is holding a meeting on 31st instant to reconsider the matter whether
free supply has to be given as desired by the mosque authorities or
whether they should pay flat rate
